

## PIXMA mini260 Photo Printer

**Quick, Portable and Easy Photo Printing. Anytime. Anywhere.**

- Convenient, built-in access to advanced features with Easy-Scroll Wheel
- Large, easy to see 2.5" Color TFT display
- Print anytime, anywhere with optional battery

### Easy-Scroll Wheel

Just "scroll" through the menu system – it's easy and fun! The Easy-Scroll Wheel allows you to do everything you want without fumbling through a manual. Simply "spin the wheel" to view, edit, and print your photo!

### Preview, then Print

Use the large 2.5" color TFT display to view images, even from a wide angle – perfect for running slideshows or viewing photos. Edit photos using the Easy-Scroll Wheel, such as red eye reduction, then print!

### Superior Photo Quality

Resolution up to 9600 x 2400 color dpi, with microscopic droplets as small as 1 picoliter.<sup>1</sup>

### Long-lasting Photos / Fast Photo Printing

Store photos up to 100 years in an archival album, with no fading.<sup>2</sup> A photo lab quality 4 x 6 prints in approximately 59 seconds.<sup>3</sup>

### Flexible Photo Printing

5 different ways to print photos: PictBridge, memory cards, via IrDA, from a computer, and via Bluetooth (optional). The mini260 makes it easy to print with or without a computer.

### Optional Accessories

The built-in handle makes it easy to carry the mini260 around, and the optional battery (LK-61) makes the mini260 a true portable. Print from a Bluetooth compatible PDA or cell phone with the Canon BU-20 Bluetooth adapter. The mini260 also has interchangeable side panels!

## Know Your Customer

If your customer:

- Wants a stylish, cool, easy to use photo printer to printing photos up to 4 x 8 size
- Wants to take the printer on location and print from anywhere (battery optional)
- Wants to print directly from a camera, memory card, cell phone – or from a computer
- Wants Bluetooth capability (optional)
- Wants a large, high definition TFT screen to view their images
- Wants the highest printing resolution with the lowest picoliter droplet size in the industry, with quality that rivals conventional photos.

... then the PIXMA mini260 is the answer!
